PEA Group is a multidisciplinary design and consulting firm dedicated to delivering thoughtful, client-centered solutions that transform spaces and support long-term success. Their mission is to provide service with a purpose — to work closely with clients to understand their vision and set a foundation for success.

Founded in 1947 and now licensed in over 20 states, PEA Group offers an integrated approach to site design that includes civil engineering, land surveying, landscape architecture, geotechnical consulting, ecological and environmental services through ASTI Environmental, and facility consulting. Their team of experienced professionals partners with clients across markets such as healthcare, education, industrial, parks and recreation, residential, utilities, and more, providing end-to-end support from project conception through completion.

PEA Group's culture emphasizes trust, transparency, collaboration, and creativity, ensuring every solution aligns with client goals and contributes positively to the community. By fostering strong relationships and leveraging a comprehensive suite of services, the firm helps clients navigate complex challenges and achieve enduring results. Whether designing infrastructure, restoring habitats, or planning civic spaces, PEA Group is committed to excellence and purposeful service in every project.

General Motors Company is a leading American multinational automotive manufacturer headquartered in Detroit, Michigan, committed to transforming personal mobility through innovation, safety, and sustainability. With a history spanning more than a century, GM designs, builds, and sells vehicles under iconic brands including Chevrolet, Buick, GMC, and Cadillac, serving customers around the world. The company's mission is to "earn customers for life by building brands that inspire passion and loyalty through total commitment to excellence in everything we do," while pursuing a vision of a world with zero crashes, zero emissions, and zero congestion.

GM's capabilities include automotive design and manufacturing, advanced propulsion systems, electric vehicle development, autonomous and connected vehicle technologies, vehicle financing and leasing services, and global supply chain integration. The company continues to invest in next generation mobility solutions, including electric vehicles and software defined technologies that enhance safety and customer experience.

Serving the automotive and transportation sectors worldwide, GM supports passenger, commercial, and specialty vehicle markets, and plays a significant role in shaping the future of mobility through innovation, sustainability efforts, and customer centric engineering.

Barton Malow has been building People, Projects, and Communities for over 100 years through innovation and operational efficiency. The Barton Malow Family of Companies includes five core entities and two strategic partners, with over 3,000 team members across North America.

Barton Malow Company operates as a union contractor with a self-perform model, specializing in civil, concrete, steel, equipment setting, and more across automotive, energy, industrial, and mission-critical sectors. Barton Malow Builders delivers commercial and institutional projects in healthcare, education, aerospace, sports, and entertainment.

Barton Malow Holdings supports enterprise functions like branding, strategy, safety, and inclusion. LIFTbuild, a subsidiary, reimagines high-rise construction with a top-down approach for improved safety, speed, and efficiency. Barton Malow Canada, acquired in 2019, expands self-perform capabilities into the Canadian energy, automotive, and industrial markets.

The company is driven to transform the construction industry through innovation and process improvement, serving a wide range of markets including infrastructure, commercial, K-12, higher education, and more.

Rudolph Libbe Group (RLG) delivers outcome-driven, full-service construction and facility services—blending safety, precision, and minimal disruption to help clients focus on their core operations. With decades of experience in preconstruction and consulting and a self-performing trade workforce (including mechanical, electrical, carpentry, masonry, civil, boilermaker, and structural steel), RLG ensures controlled project delivery, accurate budgets, and reliable timelines.

RLG is composed of several specialized companies—Rudolph Libbe Inc. (general contracting and facility services), GEM Inc. (industrial/process trades), GEM Energy (solar, EV chargers, power systems), GEM Service (facility maintenance), and Rudolph Libbe Properties (site selection, incentives, development, and property management). This integrated model enables seamless support across construction, energy solutions, and facility management—helping businesses optimize investments and performance across all stages.

Headquartered in Northwest Ohio, RLG also has offices in Northeast Ohio, Central Ohio, Lima, Ohio and Southeast Michigan.

Innovo Development Group is a Michigan-based real estate development and impact investment firm focused on revitalizing communities through strategic property transformation and value creation. The company identifies under-leveraged commercial, industrial, and residential assets with strong community impact potential and advances them from concept through development, financing, and execution.

Innovo's portfolio includes mixed-use housing, industrial facilities, and urban residential projects across Michigan and other growth markets. With an emphasis on design, capital partnerships, and community engagement, Innovo seeks win-win outcomes that deliver long-term value for investors, tenants, and local stakeholders. The firm's approach blends place-based investment, active project management, and collaborative development to support vibrant, sustainable community growth.

Huntington Bancshares Incorporated is a \$210 billion asset regional bank holding company headquartered in Columbus, Ohio, with a strong and growing presence across the Detroit metropolitan area and the broader Midwest. Founded in 1866, The Huntington National Bank and its affiliates serve consumers, small and middle-market businesses, corporations, municipalities, and other organizations through a comprehensive suite of banking, payments, wealth management, and risk management products and services.

Huntington operates approximately 968 branches across 13 states, with certain business lines serving extended geographies nationwide. In Michigan, the bank is a trusted financial partner to employers across key industries including automotive, manufacturing, healthcare, technology, real estate, government, and franchise operations. Huntington is particularly recognized for its support of small and middle-market businesses, providing tailored lending, treasury management, and advisory solutions that help organizations grow and create jobs.

Guided by its mission to “welcome people to prosperity,” Huntington is deeply committed to community investment, inclusive economic growth, and long-term regional vitality throughout the Detroit area.

Ally Financial Inc. is a leading digital-first financial services company known for its customer-centric approach and strong technology-enabled banking platform. Headquartered in Detroit, Ally has deep roots in the region and a national footprint, serving millions of customers across the United States. Originally founded as GMAC, Ally has evolved into a modern financial institution focused on simplifying banking and financial decision-making for individuals and businesses.

Ally operates primarily through Ally Bank, one of the largest fully digital banks in the country, offering a range of products including high-yield savings and checking accounts, certificates of deposit, mortgages, and personal lending. In addition, Ally is a major provider of auto finance, working with dealerships and consumers nationwide to support vehicle purchases, fleet financing, and dealer financial services. The company also offers investment and wealth-building tools through Ally Invest, providing self-directed trading and managed portfolio options.

For employers and growing companies, Ally's digital infrastructure, scalable financial products, and national reach make it a strong partner—particularly for organizations seeking modern, efficient financial solutions without a traditional branch-based model. Ally is also recognized for its commitment to financial inclusion, workforce development, and community investment, with Detroit playing a central role in its corporate and philanthropic strategy.

Bedrock is an award-winning real estate developer focused on comprehensive city building initiatives in Detroit and Cleveland. The firm's work includes creating iconic cityscapes, rehabilitating historic properties and making space for the community, operating with a "for more than profit" philosophy.

Founded in 2011, Bedrock has invested and committed more than \$7.5 billion to develop and restore more than 140 properties, totaling over 21 million square feet of office, retail, residential, hospitality, industrial, data centers and parking across Detroit and Cleveland.

Bedrock specializes in the strategic development and management of urban cores, transforming cities with mixed-use projects through financing, design, build, leasing, management and activating spaces. The firm partners with national brands and local stakeholders to create vibrant, accessible experiences that attract business, investment, residents, talent and visitors.

Signature projects in Detroit include developments such as Hudson's Detroit, Book Tower and City Modern.

The Wayne County Airport Authority (WCAA) is an independent government agency established in 2002 to manage and operate key aviation assets in Southeast Michigan. It oversees Detroit Metropolitan Wayne County Airport (DTW), the region's primary commercial passenger hub, and Willow Run Airport (YIP), a major cargo and general aviation facility. DTW consistently ranks among North America's busiest and most highly rated airports, serving millions of passengers annually and connecting Southeast Michigan to destinations across the U.S. and around the world.

The Authority plans, promotes, maintains, and improves airport infrastructure to support efficient, safe, and customer-focused travel and commerce. With an emphasis on operational excellence and community benefit, WCAA also partners with industry leaders and local stakeholders to enhance accessibility, sustainability, and traveler experience. The organization plays a vital role in regional economic development by facilitating air transportation, cargo logistics, and aviation-related growth that supports tens of thousands of jobs and substantial economic impact across Michigan.
